EDITOR'S NOTE:

THE PEDAGOG, which was ours for so long, is now yours. Every picture, every line of copy, every piece of art work is familiar to us. When the final copy was mailed to the printer, the long afternoons and evenings which had so jealously claimed our time were over.

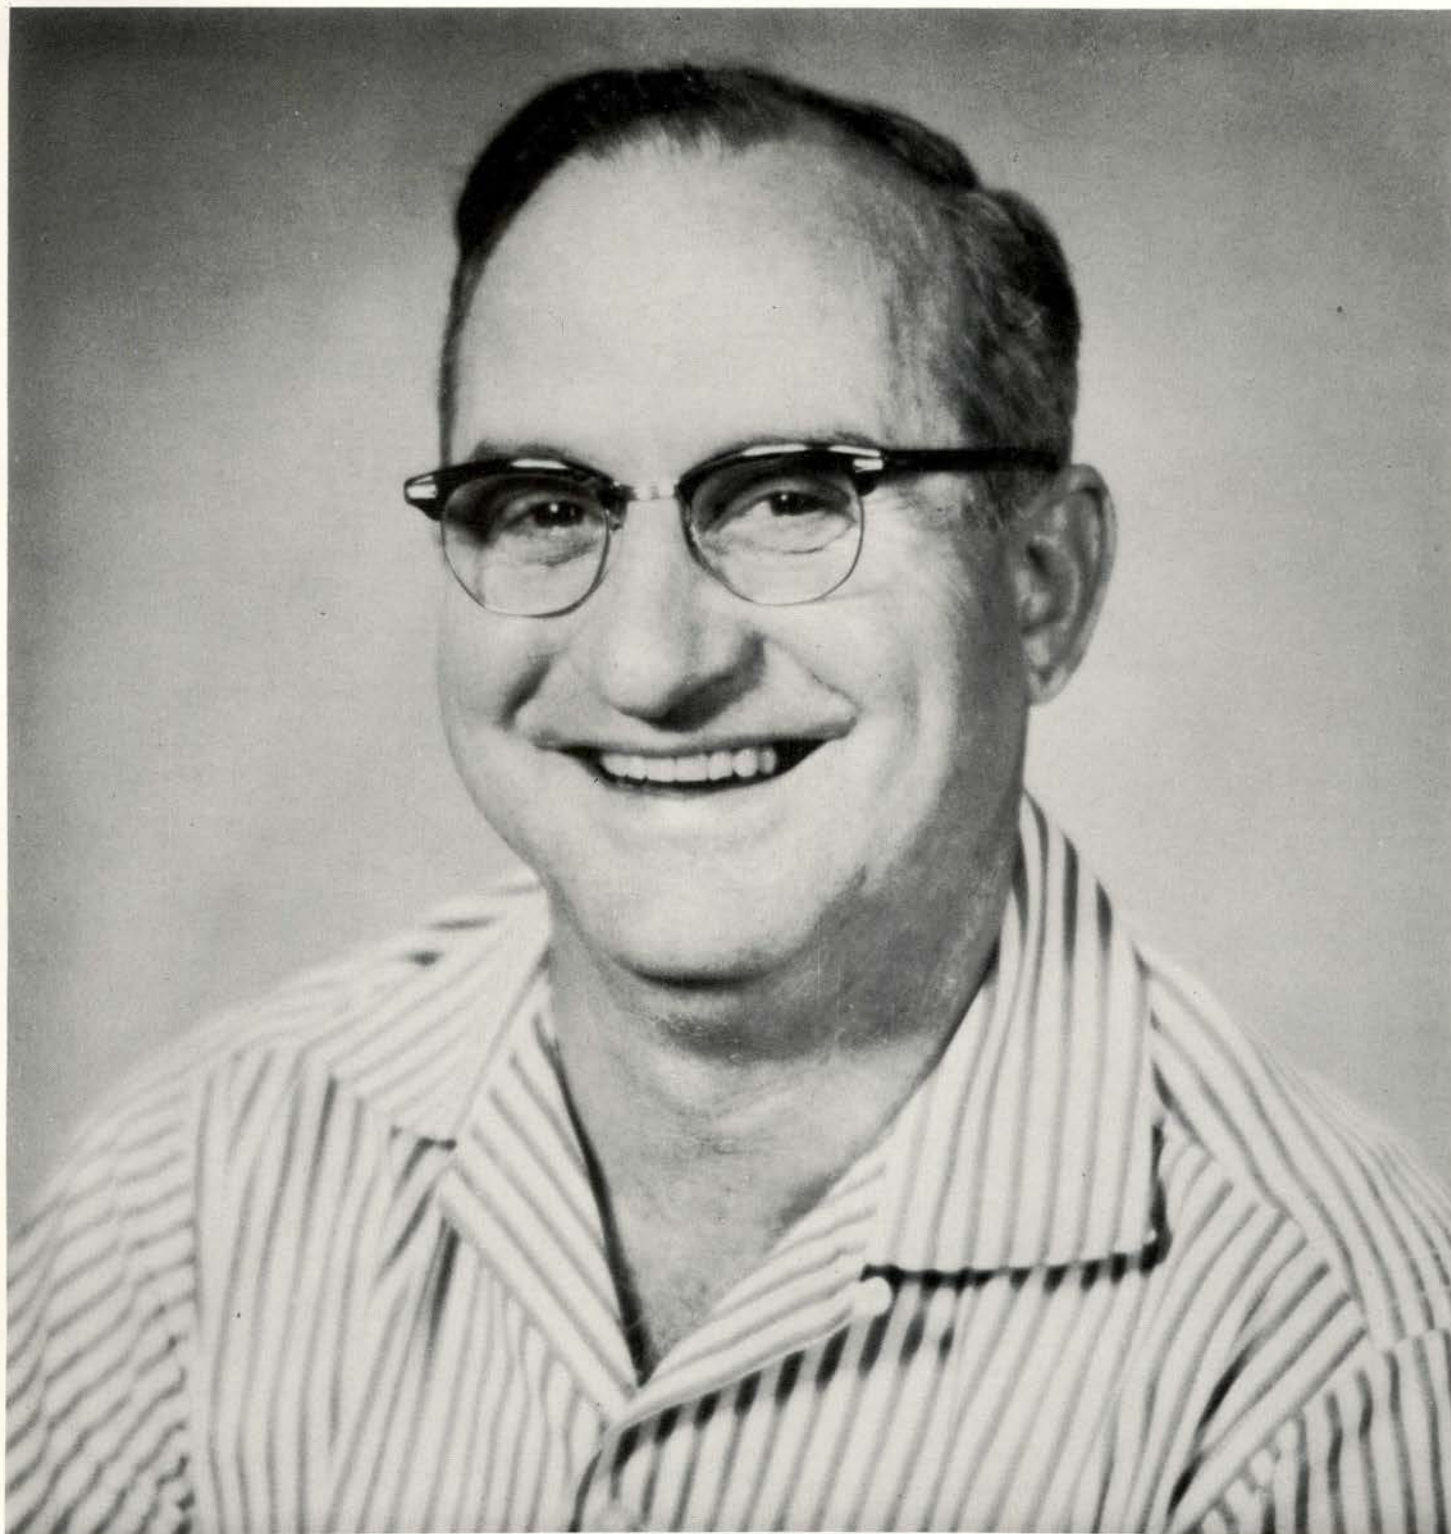

We owe many thanks—to our friends who have listened to nothing but PEDAGOG talk; to our teachers who never received our work on time; to our roommates who put up with frazzled nerves, to our sponsor who has worked untiringly, and to many others who showed their interest by just dropping in.

This book is your record of the year 1957 at Southwest Texas State. We, the staff, present the 1957 PEDAGOG in the hope that at this time and in years to come it will bring back memories of achievement, honor, good times and good friends. If so, this book will have served its purpose.

DEDICATION

On this hill community a certain few seem to rise above the others. Some excell in achievement. Some surpass in wisdom. A few gain fame because of riches. Then there are those who win admiration because of an ever-glowing beam of personality.

To a member of this last group we dedicate our 1957 PEDAGOG. His constant friendliness and willingness to help has made SWTSC a better place in which to live, learn and work.

We dedicate the 1957 PEDAGOG to BOB KERCHEVILLE.

PRESIDENT and MRS. J. G. FLOWERS

SWTSTC RECEIVES DANFORTH FOUNDATION GRANT

In the Spring of 1956, the Danforth Foundation invited thirty-one colleges over the United States to submit proposals for projects they would undertake in improving the quality of civil and moral leadership in the community served by the college if they were granted funds.

In July, SWTSTC was chosen as one of ten colleges to receive grants which would enable them to carry out such programs on the campus.

Work at the college is conducted in five areas: great issues lectures and seminars, family living, student leadership, improvement of the humanities program and improvement of dormitory living.

For 1957 the Great Issues Lectures and Seminars Committee decided to bring the most able speakers available to them on social science topics of relevance to life at mid-century. This committee sponsored Dr. Norwood Brigance, Mrs. Eleanor Roosevelt, Dr. Henry S. Commager and Mr. Norman Cousins.

Dr. Henry A. Bowman was sponsored by the Committee on Family Living.

MRS ROOSEVELT held a press conference after her lecture on "World Concepts of Communism."

Dr. Henry A. Bowman, nationally known consultant on family and marriage problems, was brought to the college by the Danforth Grant committee on family living.

In addition to his February 12 lecture, Dr. Bowman spoke on "How the College Might Plan a Permanent Program in Improving Family Life" at an afternoon seminar.

Dr. Bowman, through his books, lectures and teachings, has become one of the foremost American authorities on the subject of marriage and the family. He is the author of two books, "Marriage for Moderns" and "The Family and You." In addition he has contributed chapters to a number of other books and has written articles for a number of popular and scientific journals.

Dr. Bowman took his PhD. at Yale University in 1931. He has taught at Stephens College, the University of Texas, the University of California and the University of Minnesota in addition to appearing as a guest lecturer at other colleges and universities over the country.

He served as educational consultant in the making of a series of films in correlation with his book, "Marriage for Moderns."

DR. HENRY A. BOWMAN, noted marriage authority, lectured on "Improving Family Living."

MRS. FRANKLIN D. ROOSEVELT stressed the importance of education as a weapon to fight Communism.

One of the most distinguished persons ever to visit the SWT campus, Mrs. Franklin D. Roosevelt spoke on "World Concepts of Communism" in February before a capacity crowd in Evans Auditorium.

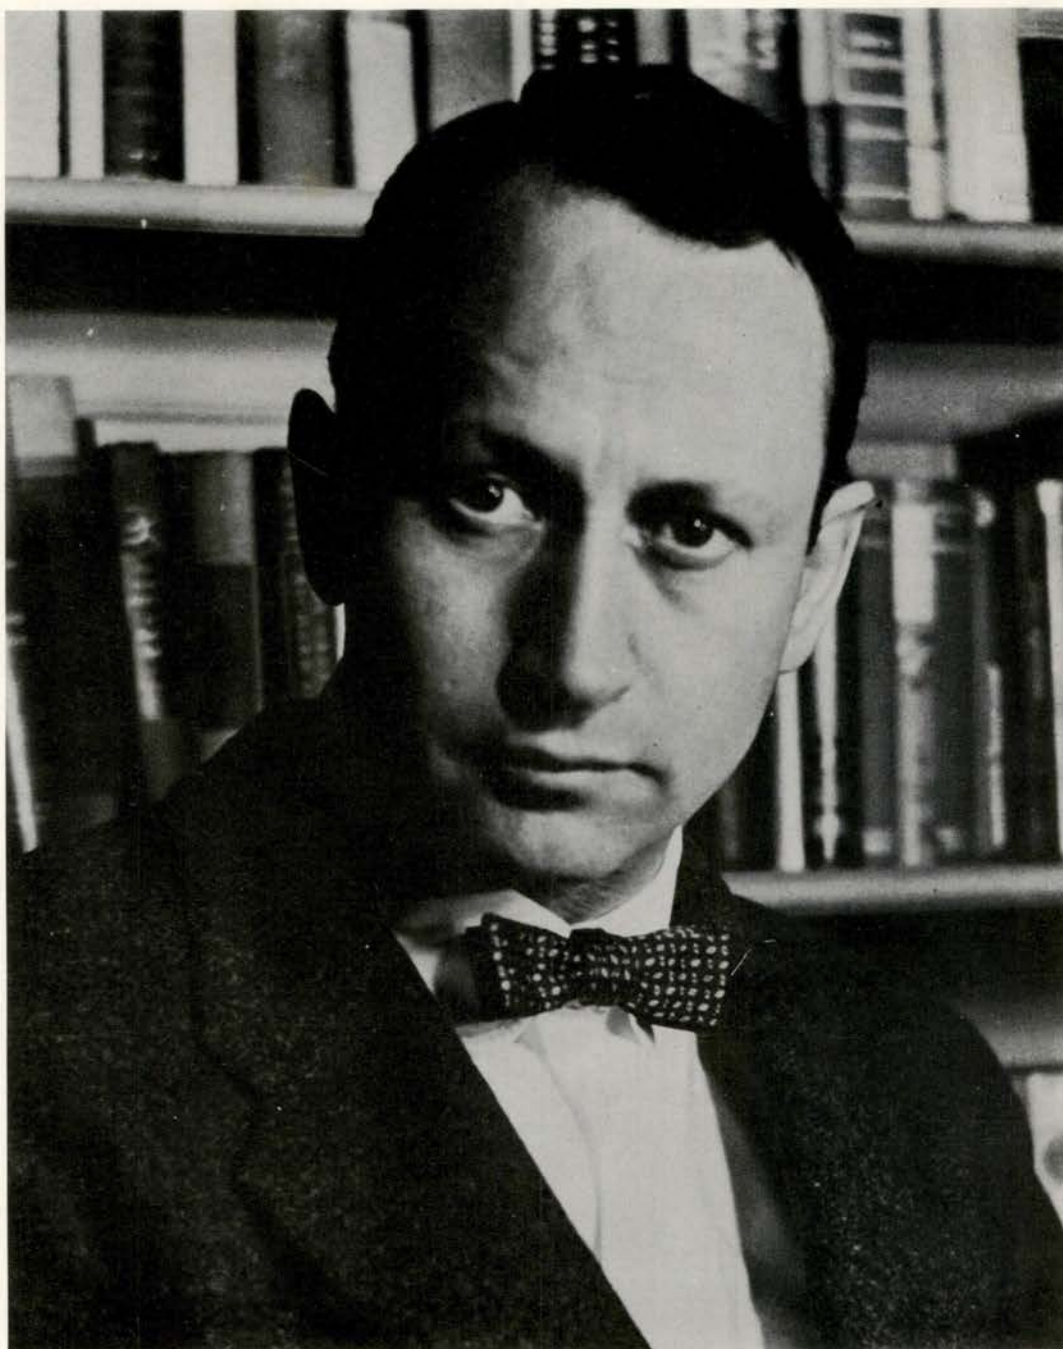

Second in a series of Great Issues speakers, Mrs. Roosevelt cautioned that the threat to our educational system is the greatest threat to the democracy of our time.

Since the death of her husband, Eleanor Roosevelt has maintained many of her interests, and on December 19, 1945, she was appointed

by President Truman to the United States delegation to the UN General Assembly. She was unanimously elected chairman of the Commission on Human Rights of UNESCO in 1946.

Affectionately known as the "First Lady of the Land" for 13 years, Mrs. Roosevelt has also been called "The First Lady of the World" because of the international regard she has gained through her work in the United Nations.

She has edited *My Day* and *India and the Awakening East* in addition to several childrens' books. She is currently conducting a question-and-answer page for McCall's, *If You Ask Me*.

MR. NORMAN COUSINS, editor of "Saturday Review" was among the great issues speakers.

"The Making of Tomorrow" was the topic presented by Norman Cousins, Great Issues speaker who appeared on the Hill in the Spring.

Mr. Cousins as an interpreter or analyst of history-in-the-making has represented The Saturday Review, the National Broadcasting and the American Broadcasting Companies at such events as the Asian-African Conference at Bandung, Indonesia, in 1955, the East-West crisis in Germany in 1953; the Korean War in 1951; the Berlin Air Lift in 1948; and the Atomic Test Explosions at Bikini.

He has received degrees, *honoris causa* from eleven colleges and universities. He is the recipient of the Thomas Jefferson Magazine Awards presented by the University of Illinois; the Tuition Plan Award for the Year's Outstanding Service to Education in 1952 and the Wayne State University Award in Education in 1956. Concerning his latter award, President Eisenhower, in a message to Wayne State University, described Mr. Cousins as a "distinguished editor who stands as a symbol of America's creative, crusading and sensitive mind."

"American Democracy at Mid-Century" was the theme of Henry Steele Commager's talk April 25.

Fourth and last in the series of Great Issues lectures on the Hill this year, Dr. Commager is professor of American History at Amhurst College.

Listed in *Who's Who in America*, Dr. Commager is a member of Phi Beta Kappa, national scholastic society.

He has edited *Tocqueville's Democracy in America*, *A St. Nicholas Anthology*, *America in Perspective* and *The Rise of the American Nation*. In addition, he is co-author of several other publications.

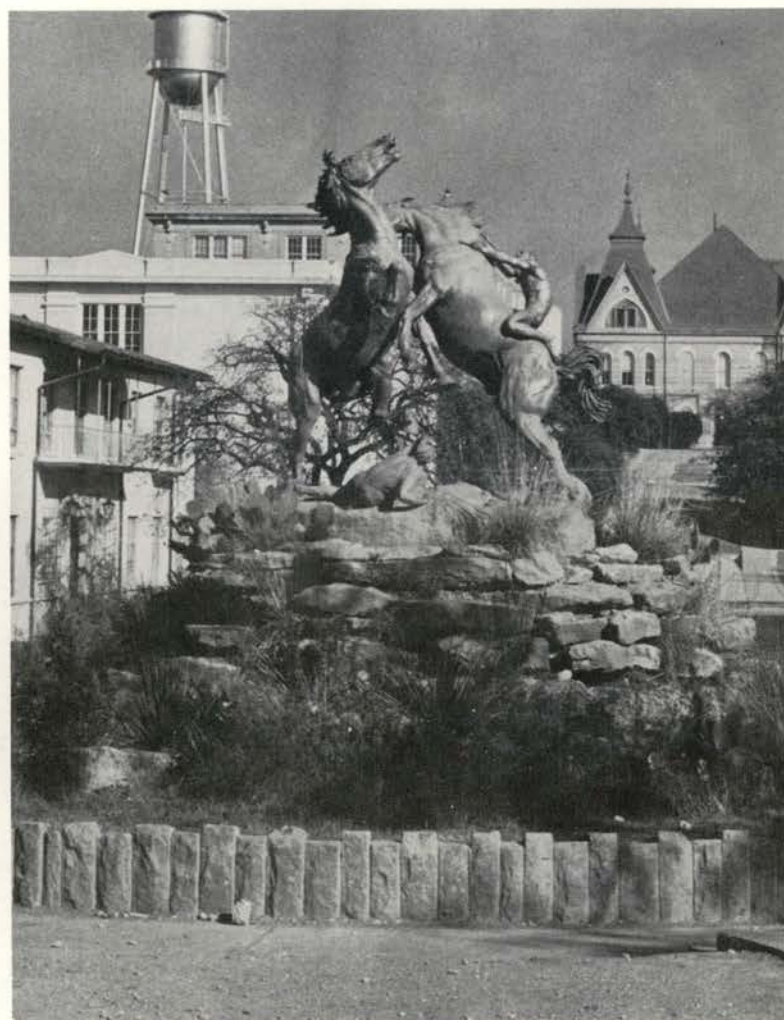

DR. HENRY STEELE COMMAGER, professor of American History at Amhurst College, discussed mid-century American democracy.

ALPHA

Girls combined their talents to amaze and non-talents to amuse fans.

Boys planned costumes for weeks ahead so they could look "just right" for their hilarious jobs.

BOBCATS OVERPOWER TLC 19-6

Playing without All-Lone Star Conference fullback Bobby Gibbens who was snagged by the draft board just prior to the season's opener, the Bobcats had a slow start but went on to sneak past the T.L.C. eleven by a 19-6 count.

Two last quarter touchdowns proved to be the margin of victory for the Bobcats as the two teams battled for three quarters to a 6-6 tie before a crowd of over 5,000.

Scoring started early in the first period when T.L.C. halfback Eddie Marburger went over from three yards out for the Bulldog's only score of the night. Billy Miller carried the ball over for the 'Cat's first score shortly after a 36 yard run by quarterback Bobby McBride. Keith Hoffman failed to convert the extra point and the score stood 6-6 at half-time.

Early in the fourth quarter Caddo Sanders intercepted a Bulldog pass and raced 36 yards for the second Cat marker. Hoffman made the final touchdown for SWT late in the final stanza but failed to make good the extra point.

Eddie Landford started the scoring again early in the third period when he carried the ball 59 yards and scored. Hoffman's try for the extra point was good.

FRESHMEN ACTIVITIES

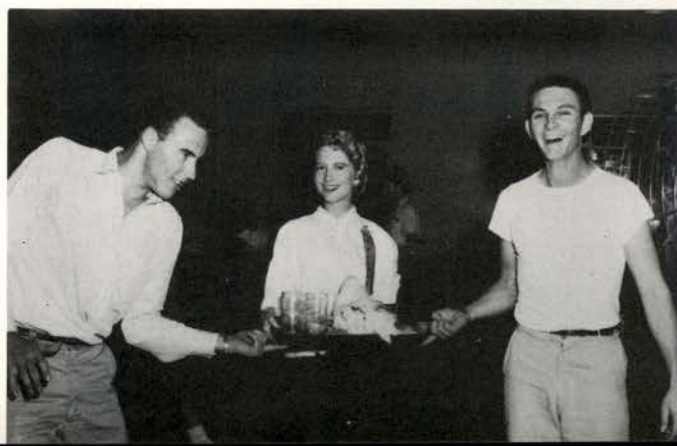

IT'S TRUE! The freshman orientation program at SWT is the Greatest Show on Earth.

IN THE early weeks of September, Freshmen, wide-eyed and curious, come to college.

Maroon and Gold beanies dot the campus and everyone makes new acquaintances.

It isn't long before "Fish" are full fledged members of the campus community.

the new Retama Dormitory.

DORMITORY DIRECTORS

Dorm Directors have to have the sentiment of a parent and the diplomacy of a foreign minister.

These people are responsible for the coordination of dorm living for co-eds. They work with the help of the house council and house officers.

They are those to whom the students may turn for help or advice.

MRS JANETTE REYNOLDS talks with a Laurel Hall resident, Bid Gilbreth.

MRS HELEN GROOM is the Brogden Hall director.

MRS ESTHER BARREMORE is the director
of Commons Dormitory.

MRS MARTHA DILLON leads Beretta
Hall co-eds.

MRS MILLIE HENDERSON supervises co-
operative living at Hornsby Hall.

MISS JEWEL POSEY enjoys freshmen co-eds
in new Retama Hall.

MRS. BLANCHE ESLINGER directs living
in Pickard Hall.

MRS. MURIL MASON is shown in her living
room at Northside Hall.
